

# Welcome to preschool in Östersund Municipality

This is general information concerning preschool in Östersund Municipality.  
If you would like more detailed information, please get in touch with us, 063-14 30 00.

## Preschool for children 0-5 years of age

Preschool placement is offered all-year-round Monday-Friday 06.30 to 18.30. We also have a 24-hour preschool if you have a need for preschool facilities at other times.

Each preschool has its own profile, the Reggio Emilia approach, outdoor life, nature/environment, motion and culture. Preschools coordinate their activities with the municipal compulsory schools in the area.

## When can the child be at preschool?

To the extent required based on your work/study hours including travelling time. You can utilise this placement 25 hours a week even if the need based on your work/study hours is less. You are always entitled to 15 hours a week if you are on parental leave.

## Application for preschool

The application should preferably be made six months prior to the placement being needed. Applications are made at our website: [www.ostersund.se](http://www.ostersund.se)

You will be offered placement in the order we receive applications. Your queue entering date is set at four months prior to the date as of which you have applied for childcare. The date is set by default, even if your application is submitted earlier.

## Training

The time spent on training will also differ, depending on the age of the child and previous experience of being part of a group of children.

## What does it cost?

The fee for preschool is a fixed monthly fee charged 12 months a year. Absence does not entitle you to a deduction. You will be given a "sibling discount" if you have more than one child in preschool/leisure-time centre.

## If your child is sick

Get in touch with your preschool as soon as possible when your child is sick. You can find the telephone number on the preschool's website (see back of this brochure).

## Your child is insured

Children in municipal preschools are insured in case of accidents and injury. The insurance covers the time they are in the preschool as well as out.

## Termination of place

You must leave notice of termination of your preschool place at the latest one month before the child is to finish. The notice will apply from the day the authorities receive the notice. You pay the fee and retain the place during the period of notice.

## General preschool for 3-5 year olds

All 3-5 year olds are entitled to free placement in a general preschool for 15 hrs/week (525 hrs/year) during the school year as from the autumn term the year the child has its third birthday. The place has an educational purpose. If you require child care in addition to the time in the general preschool, you will have to pay the ordinary rate.

## Open preschool for children 0-5 years of age

If you are on parental leave, unemployed or work at home, you can visit the open preschool located in the Family Centre in your area. There is no need to register in advance and you are free to choose whatever activities you like.  
See our website [www.ostersund.se](http://www.ostersund.se) for opening hours.

## Independent preschools

There are independent preschools in the municipality. If you would like a place in one of these preschools (does not apply to the Emanuel preschool) please get in touch with the preschool itself.

More information at our website:
