

It is time!

Information about school choice for preschool

If you are the guardian of a child who will be six years old in 2023, and who is registered in Östersund municipality, you must choose a school (municipal or independent) for your child for the autumn term 2023. During week 2 of 2023, you will receive an invitation by email or post to make a choice for preschool class.

The choice can be made between 15-29 January and is made via the e-service that you can reach via the invitation or at www.ostersund.se/skolval.

When making the choice, you will need to identify yourself with an e-ID or mobile bank ID. Your bank or the Tax Agency can help you with this. More information is available at www.e-legitimation.se.

How does the choice work?

One of the guardians makes the choice in the e-service. The other guardian then confirms the choice in the e-service. At the end of March, you will be informed of the school your child has been admitted to, either by e-mail or letter.

Will I get the school I/we have chosen?

The municipality will place the pupil according to the wishes of the parents, as far as possible. If the number of applicants for a municipal school exceeds the number of places, selection is based on the principle of relative proximity.

More information about Östersund municipal schools' admission principles and the concept of relative proximity can be found at www.ostersund.se/skolval.

The independent schools in the municipality have their own admission principles, although they can be selected via the municipality's e-service. Contact the respective independent school for more information.

School transport when choosing a school other than the nearest one

Most pupils who are entitled to a school bus to and from school travel on regular public transport. All children and young people between the ages of 6 and 19 who live in Östersund municipality receive a free bus pass, which they must use when travelling on public transport. In exceptional cases, pupils in primary and special schools may be entitled to a school bus in specially procured vehicles. This may be the case, for example, if public transport is not available, or if a pupil is unable to travel by public transport due to a disability.

Pupils who qualify for school transport do not need to apply; they will automatically be granted it.

If you, as a guardian, choose an independent school or a school other than the nearest one, your child will not be entitled to a school bus. However, the child can always travel by public transport using his/her bus pass. Find out more at www.ostersund.se/skolskjuts.

If you need help

If you don't have access to a computer or want personal support with your choice of preschool class, you can get help.

Contact the Customer Centre, either by emailing kundcenter@ostersund.se or by calling 063-14 30 00. You can also visit the Customer Centre at Österäng, Förlandsgränd 1C. Bring a valid ID with you to the visit. If you need an interpreter during your visit, please contact the Customer Centre before your visit.

Information on selectable schools

Each school invites you to an information meeting where you can find out more about the school and how it works. The plan is for the meetings to take place on site at the schools. Should the spread of infection increase, the meetings will take place digitally. You will find information about this on the school websites.

Below are the dates and times of the schools' information meetings. You will also find the web addresses of each school, where you can read more about the school or find contact details for staff.

If you need an interpreter during the information sessions, contact the principal of the school you plan to visit. Contact details can be found on the schools' websites.

Kommunala skolor

Arnljotskolan (P-3)
